

To add value to the Global Report Cards, we understand that there is additional information that can help countries take action. These regional tables provide additional data on the Human Development Index rating, availability of health care, birth defects prevalence, and other relevant information that can be used to improve the prevention, treatment, and care of people affected by spina bifida and hydrocephalus.

	PUSH! Global Report Card Overall Score: Spina Bifida	PUSH! Global Report Card Overall Score: Hydrocephalus	Crude Birth Rate (Number of live births per 1,000 population)	Infant Mortality Rate (Probability of dying between birth and age 1 per 1000 live births)	Birth defects prevalence per 1000 live births	Human Development Index Rating	Availability of Health Care		
							Physicians (Per 10,000 Population)	Community Health Workers (Per 10,000 Population)	Hospitals (Per 100,000 Population)
American Samoa	0	0	n/a	n/a	n/a	n/a	n/a	n/a	n/a
